## FRONT-END DEVELOPER

**Angular | React | Next.js | React Native**

Front-end developer with over 5 years of experience building responsive, accessible, and performance-focused web applications. Experienced with Angular and React, with strong attention to usability and development best practices.

## PROFESSIONAL EXPERIENCE

**ACT Digital (BMW Group TechWorks Brasil) - São Paulo, SP**

11/2025 - Present

### Front-end Developer

- Development and maintenance of Angular (v17+) applications within a microfrontend architecture using Module Federation.
- Use of design systems to build consistent, responsive, and reusable user interfaces.
- Integration with REST APIs, including data consumption, response handling, and support in analyzing and resolving integration issues.
- Application of best practices in development, performance, and accessibility, including componentization, code reuse, separation of concerns, lazy loading, and use of signals, along with code quality monitoring using SonarQube.
- Working in an international environment, collaborating with cross-functional teams using Agile methodologies (Scrum/Kanban) and contributing to technical problem-solving.

**Lejour - São Paulo, SP**

03/2020 - 02/2024

### Front-end Developer

- Development and maintenance of dashboards in Angular 12+, improving data analysis efficiency by 20%.
- Creation of a design system using Angular Material, increasing visual consistency and reducing development time.
- Implementation of unit tests and TDD practices, ensuring quality and reducing production bugs.

## SKILLS

- **Front-end:** Angular, React (Next.js), TypeScript, JavaScript, HTML, CSS, TailwindCSS.
- **Back-end:** Node.js, Express, NestJS, Prisma, PostgreSQL, MongoDB.
- **Architecture:** Microfrontend, Module Federation, AWS (S3, CloudFront).
- **State Management:** RxJS, Signals, Redux, Zustand, Context API.
- **Testing and Quality:** Jest, Vitest, Cypress, Jasmine, Karma, React Testing Library, TDD.
- **Tools:** Git, GitHub, GitLab, Vercel, SonarQube, Splunk.
- **Methodologies:** Scrum, Kanban, Jira.

## EDUCATION

**Faculdade Impacta de Tecnologia - São Paulo, SP**  
Bachelor's Degree in Information Systems (2019-2022)

## LANGUAGES

- Portuguese (Native)
- English (Advanced)
- Spanish (Basic)
